

Product Specification Report

1.1/0879/0116

Lubricates and protects against corrosion.

SLIDEZE

High performance lubricant

FEATURES:

Lubricates	Forms a slippery, microscopic barrier between bitumen and all hard surfaces.
Protects	Helps protect against corrosion.
Versatile	Can be used on delivery vehicles, road building machinery, vehicle bodies, mixing machinery, loading buckets, hoppers, pavers, patching machines and all forms of equipment used in working with bitumen.
Safer	Non-flammable and non-corrosive.
Easy to use	Simply brush or spray a thin film over the hard surface.

APPLICATIONS:

Can be used on delivery vehicles, road building machinery, vehicle bodies, mixing machinery, loading buckets, hoppers, pavers, patching machines and all forms of equipment used in working with bitumen.

INSTRUCTIONS FOR USE:

Simply brush or spray a thin film over the hard surface.

PRECAUTIONS FOR USE:

For further information see MSDS.

SPECIFICATIONS:

Form Liquid
 Colour Blue
 Odour..... Nondescript
 Melting point Less than 0°C
 Boiling point..... Greater than 200°C
 Flash point Approximately 80°C
 Density (20 °C)..... 0.88 g/cm³
 Miscibility in water Insoluble
 pH (20°C) Not applicable

All information in this document is based on our practical experience and/or laboratory tests. Due to the multiplicity of conditions for usage and variable human factors, we recommend that you always test our products for suitability prior to use. At any time, this version of the product specification report may have been revised based on legislation, availability of the individual ingredients or newly acquired information. The current approved version is available upon request.
