

Product Specification Report

5-0805-Rev.00/08-12

High performance for very heavy graffiti

GRAFFEX ULTRA

Graffiti remover

FEATURES/BENEFITS:

Powerful	Formulated to quickly remove even the most difficult of modern day graffiti and coatings.
Economical	The special thickened formula ensures adequate contact time, minimizes run-off and therefore reduces product wastage.
Removes	Will remove paints such as automotive, household, artists', industrial, line marking, metal marking, blackboard etc. Also removes lacquer, varnish, all types of pen, crayon, correction fluid, dyes, inks, cosmetics, rubber scuffing, tape residue, tar, bitumen and many more.
Low odour	Extremely low odour and therefore no unpleasant odour is presented during the application process.
Safer	Not classified as hazardous to health or dangerous for the environment.
Easy to use	Apply to the area to be cleaned and allow sufficient time to soften the graffiti. Wipe off with a wet or dry cloth or wash off with water under pressure.

APPLICATIONS:

Will remove paints such as automotive, household, artists', industrial, line marking, metal marking, blackboard etc. Also removes lacquer, varnish, all types of pen, crayon, correction fluid, dyes, inks, cosmetics, rubber scuffing, tape residue, tar, bitumen and many more. Removes graffiti from brickwork, blockwork, stone, concrete and other hard surfaces.

USE:

Apply to the area to be cleaned by spraying, brushing or wiping and allow sufficient time to soften the graffiti. Wipe off with a wet or dry cloth or wash off with water under pressure.

PRECAUTIONS:

To check for compatibility on other surfaces, test on a hidden part before use.

For further information see MSDS.

SPECIFICATIONS:

FormLiquid
ColourPale straw
OdourSlight solvent
Melting pointLess than 0°C
Flash pointNot applicable
Boiling pointGreater than 100°C
Density at 20 °C1.06 g/cm³
Miscibility in waterEmulsifiable
pH at 20°CEssentially neutral

All information in this document is based on our practical experience and/or laboratory tests. Due to the multiplicity of conditions for usage and variable human factors, we recommend that you always test our products for suitability prior to use. At any time, this version of the product specification report may have been revised based on legislation, availability of the individual ingredients or newly acquired information. The current approved version is available upon request.
