5-0618Rev.00/6 -12

**Frees and lubricates all scaffolding fittings and screw threads**

## SCAFFEZE

## Special treatment for fittings

### FEATURES/BENEFITS:

<b>Powerful</b>	Quickly penetrates and removes light rust, corrosion, grease and other contamination.
<b>Lubricates</b>	Not only frees all seized parts but also lubricates and leaves them in first class working condition.
<b>Protects</b>	Leaves a fine, protective coating to prevent further rust and corrosion and stops seizing up again.
<b>Fast Acting</b>	Starts to work immediately on contact and rapidly penetrates all seized parts.
<b>Mobile</b>	Mobile fluid which quickly spreads and searches into crevices which remain inaccessible to other products.
<b>Pleasant</b>	Does not leave any lingering unpleasant odour.
<b>Safer</b>	The protective coating left by Scaffeze is not oily or messy and therefore reduces the risk of slip when handled.
<b>Easy to use</b>	Simply immerse the parts to be treated or spray the product through a Forward Chemicals sprayer. Allow to penetrate and free the seized parts in the normal way.

### USE:

Simply immerse the parts to be treated or spray the product through a Forward Chemicals sprayer. Allow to penetrate and free the seized parts in the normal way.

### APPLICATIONS:

Used to clean, free, lubricate and protect all scaffolding fittings and screw threads.

### PRECAUTIONS:

For further information see MSDS.

### SPECIFICATIONS:

Form.....	Liquid
Colour.....	Blue
Odour.....	Nondescript
Melting point.....	Less than 0°C
Boiling point.....	Greater than 200°C
Flash point.....	Approximately 80°C
Density (20 °C).....	0.82 g/cm <sup>3</sup>
Miscibility in water.....	Insoluble
pH (20°C).....	Not applicable
